

PRICING GUIDE

Effective April 4th, 2022

- ASPIRATIONS (OPU) & all IVF Services will take place at a CB Genetics satellite location, Powered by Vytelle.
- A CB Genetics Mating Form must be completed and returned prior to the OPU session date.
- Client will be informed of their scheduled time 1-2 days prior to the OPU. Client needs to arrive 15 minutes prior to their scheduled time.
- Semen being used for the upcoming OPU must be at the Vytelle Lab 7 days prior to the OPU date.
- Before shipping semen, client MUST COMPLETE a Semen Shipment Form from CB Genetics. Completing this form prior to shipping semen is to help make sure that the Vytelle lab can put the semen in the correct client's account. Please contact Britlee for the form.
- Vytelle encourages clients to have at least 2 straws of semen available for the donor at each OPU session.
- If ZERO embryos are made during a session per mating, you are not charged for any IVF services.
- All clients must complete a CB Genetics Contract Agreement Form prior to participating in any further IVF services are made.
- All invoices 90 days PAST DUE are subject a 3% invoice total late fee for each outstanding invoice.
